## INCREASED INTENSITY OF R.A.F. OFFENSIVE ON THE RUHR ACCELERATE TRANSFER OF GERMAN INDUSTRIES TO THE EASTERN REGIONS

## Steady Progress Made Towards Daytime Ascendancy In Skies Of Northern France

THE SUSTAINED AND INCREASED INTENSITY OF THE ROYAL AIR FORCE OFFENSIVE ON THE RUHR WILL ALMOST CERTAINLY ACCELERATE THE TRANSFER OF THE GERMAN INDUSTRIES TO THE EASTERN REGIONS, AND IN PROPORTION AS THAT HAPPENS, THE GERMANS WILL BECOME MORE DEPENDENT ON SEA TRANSPORT TO BRING WAR MATERIAL TO THE WESTERN THEATRE, SAYS THE DAILY TELEGRAPH, ACCORDING TO A REUTER MESSAGE FROM LONDON.

This adds significance to the recent heavy and successful concentration of R.A.F. attacks on German shipping.

DURING THE WEEK-END, the R.A.F. sank or damaged 55,000 tons of Axis shipping.

DURING THE LAST WEEK, the R.A.F. sank or damaged 44 ships totalling nearly a quarter-of-a-million tons.

DURING THE LAST FOURTEEN DAYS, 70 German ships have been sunk or damaged.

## AUSTRALIAN PILOT AWARDED V.C.

LONDON, July 21 (Reuter) — ACTING WING-COMMANDER HUGHIE EDWARD EDWARDS, D. F. C., has been awarded the V. C. for leading a successful and important air raid on Bremen in broad daylight on July 4.

He is an Australian.

The defensive fire was so great and so fierce that every one of the British planes was hit, four being destroyed. Despite this, Wing-Commander Edwards carried on and also passed through an extensive balloon barrage, bombing his target with great effect.

Then, with coolness and courage, he withdrew his formation without further loss and returned home. He had also planned the raid.

## FLOOD THREAT FROM INDUS

LAHORE, July 21 (Reuter) — A flood threat in the Attock district from the Indus, following the bursting of the glacier dam at Shanghai on July 15 has been averted by the vigilance of the authorities and the timely evacuation of threatened villages, and no damage to life or property is reported.

The political agent in Gilgit, states that the bursting of the Shanghai Dam caused the loss of a few cattle and damage to riverside roads and in the Gilgit Agency no loss of life is reported so far. No loss from the flood is reported from frontier districts so far.

## IMPORTANT MESSAGE TO CONGRESS

WASHINGTON, July 21 (Reuter) — President Roosevelt's message to Congress on the extension of service of draftees is of "such paramount importance" that it is to be recorded for broadcast, it is announced from the White House last night.

The message is expected to be sent to Congress about 4 p.m. today Greenwich Mean Time.

An Air Ministry communiqué issued yesterday states:

"Aircraft of the Bomber Command were again over the Rhine land in force last night. Cologne was the principal objective and in a sustained attack, many large fires were started in the industrial areas of the city.

"A subsidiary attack was made on the docks at Rotterdam.

"In spite of the usual opposition from enemy defences, no aircraft was missing from these operations.

"It has now been confirmed that our bombers shot down another enemy fighter, making two in all during the attack on Germany on the night of Saturday-Sunday, July 20.

"Aircraft of the Fighter Command carried out offensive patrols over France during the night and attacked several enemy aerodromes.

"Aircraft of the Coastal Command had been engaged in their usual extensive patrols over the sea, and from these, one aircraft was missing."

LILLE ATTACKED

Signor Mussolini greeted the Bulgarian Prime Minister, M. Filoff, and the Foreign Minister, M. Popoff, when they arrived at the Italian capital by train this morning according to the Italian Agency.

## Reported Attempt On Mussolini's Life

LONDON, July 21 (Reuter) — The Moscow Radio has broadcast an otherwise unconfirmed report from the Italo-Swiss frontier that an attempt on SIGNOR MUSSOLINI's life had been made during his recent visit to the Italian troops.

The circumstances are being kept secret but it is known that two shots were fired from a revolver.

The Moscow Radio states that a report received via Geneva adds that the attempt was made during Signor Mussolini's recent stay at Ferrara when he reviewed the troops leaving for the Eastern front.

Details were closely guarded, says the Moscow Radio, and it is

## Terrorists Extremely Active In Shanghai

SHANGHAI, July 21 (Reuter) — terrorists and gunmen were extremely active this morning when three were shot dead and two wounded in different parts of the foreign areas while in Hongkew the Japanese caught a Chinese with a hand-grenade which resulted in the closing of all bridges leading toward Hongkew for three hours.

Among the dead this morning was Mr. Wang Teh-chow, a high official of the Wang Ching-wei regime's Peace Preservation Corps who was shot dead by a gunman while alighting from his car in the French Concession.

### PREVIOUSLY WOUNDED

Wang had previously been wounded in an attempt at Sungkang and had come to Shanghai for treatment.

The gunman finding his escape barred by the Police, shot it out with the Annamite Police and the battle ended with both lying on the ground injured.

The other two killed were a man and his wife who were slain by a couple of gunmen in the Western areas for as yet an unknown motive.

### JAPANESE CONVOY

A convoy of 15 Japanese transports, apparently moving southward from the Pearl River, were sighted off Lantau Island on Sunday. The convoy included supply ships.

## BLACK-OUT EXERCISES: DEFECTS MUST BE REMEDIED TONIGHT

The three-day black-out exercises began last night and inquiries made at A.R.P. Headquarters elicited the information that according to the Director of A.R.P. WING-COMDR. A. H. S. STRELE-PERKINS, the appearance from the ground was good and the public was to be congratulated on the effort made.

Observations made from the air, however, revealed many defects which, said the Director of A.R.P. MUST BE REMEDIED TONIGHT.

The waterfront and fishing vessels response was extremely bad.

For the first time the new "black-out lamps" were officially tried out. Fixed to pillars, with the lights reflected against the walls under verandahs, most of these lamps were found along Lockhart Road and the side roads, such as Fleming Street, between that road and Hennessy Road.

The most efficient black-out was in Thompson Road which was in pitch darkness.

North Point and Shaukiwan were passable though lights could be seen here and there.

### RUSH FOR BULBS

Despite the fact that last night's black-out exercises had long been heralded in the Press, there was a last minute rush just before the usual closing shop hour last evening for flashlight batteries and bulbs.

That "war-time" did not mean profiteering by some unscrupulous merchants was evidenced by the fact that the prices of what might be considered as necessities—batteries and bulbs—went soaring in view of the great demand.

Batteries of the ordinary make, which at normal times cost 15 cents for two cells, were sold last night at 10 cents apiece, and bulbs which normally cost five cents apiece were sold at 10 cents each. Prices of better brands were likewise raised.

## GEN. WU REITERATES MAIN AIM OF CHINA'S WAR OF RESISTANCE AGAINST JAPANESE

### Broadcast To America

"I am very glad to have this opportunity to speak to our American friends again over the radio. I propose to use the few minutes at my disposal to reiterate the main aim of our war of resistance against Japanese aggression," said GENERAL WU TE-CHEN, Secretary-General of the Kuomintang Headquarters, in a recent broadcast to America.

"Let me emphasise at the outset that in our fight against Japanese aggression we are not only fighting for our own national existence but also to uphold the cause of Democracy in this part of the world.

"You must remember that we have been fighting for the realisation of the principles of Democracy for over fifty years. For the fundamental principles of Democracy, in the real sense of the term, were advocated by the late Dr. Sun Yat-sen, father of the Chinese Republic, as the only means to re-awaken the national spirit of China, even before the turn of the last century.

"These principles were later crystallised into an important part of his great political work known as the Three Principles of the People.

"It was through Dr. Sun's unifying effort and heroic struggle to put these principles into actual practice that the Manchu Dynasty was overthrown and a republican form of government established in its place in 1912. But evil forces, both within and from without, have operated to prevent democratic institutions from taking firm root.

"When Dr. Sun died in 1925 the gigantic task of carrying on the struggle fell upon the shoulders of his devoted disciple, General

## Duff-Cooper's Mission To The Far East Is Welcomed

SINGAPORE, July 21 (Reuter) — Mr. A. Duff-Cooper's mission to the Far East is welcomed on all sides here, writes Reuter's Chief correspondent in the Far East.

It has been felt for some time that the British organisation in the Far East, which is mainly attuned to peace-time and purely internal matters, needed an overhaul in order to cope with the multiple war-time problems, military, political, social and economic, which are now so vital to these parts.

### UNIFIED POLICY

The speedy implementation of a unified policy has been hampered by the necessity to refer the problems to different departments in London, for example, China, Japan, Thailand and the Netherlands East Indies problems to various sections of the Foreign Office, Australia to the Dominions Office, Malaya and Hongkong to the Colonial Office and Burma and the India Office.

With the delay of communications, it can readily be appreciated why the people of the Far East feel that there is room for more correlation and even hope that local machinery will be established with the authority to make all Far Eastern decisions, except the most important, independently of London.

peace in the Far East, there can be no permanent peace in the world; and unless there is permanent peace in the world, Democracy can never rest on a firm foundation.

"We have every confidence that the final victory will be ours, and we have no doubt that with greater American aid our days of triumph will soon arrive."

## "V" Day Was Great Success In U.S.

NEW YORK, July 21 (Reuter) — The "V" Day was a great success throughout the UNITED STATES where it was given excellent publicity by the Press and Radio.

Several local New York stations broadcast Beethoven's fifth symphony.

According to Miss Ann McCormick, in the NEW YORK TIMES, the "V" campaign is preparing the way for British invasion of the continent.

"It is not a stunt or a mere attempt to open a war of nerves," she writes. "It signifies a long-for moment has arrived to begin stirring up the uniting captive peoples of Europe in an anti-Hitler revolt."

It will splash the letter throughout the country by means of posters, stickers, window cards and lapel buttons which will be sold for British relief purposes.

The "V" for Victory marching song has been composed by two well-known American song writers and will be published by the same publishers that issued "There'll Always Be An England."

The letter "V" will appear on all bundles of clothing, henceforth sent to Britain.

## KOWLOON DOCKS BRING OFF UPSET OF WEEK BY DECISIVE WIN OVER K.B.G.C. "B"

### Craigengower Well Placed For Senior Championship

BY "L. G."

The unexpected defeat of the Champions, RECREIO "A", last Saturday at the hand of the Police has placed CRAIGENGOWER in a very favourable position for the title. Craigengower brought off their eighth consecutive win in nine matches when they defeated Kowloon C.C. in an away match. Another upset was recorded in last week's bowls programme.—Kowloon Docks decisively beating Kowloon Bowling Green "B" at Austin Road.

Recreio "A" came a cropper at Happy Valley where their very much depleted rinks (a handful of their regulars not being able to turn out for them, presumably on account of Volunteer duties) lost to the Police by 18 shots. For the Police, skip J.S. Fender recorded the biggest rink win. He beat Carlos Silva by 23 shots. J. Shepherd and Raoul Lui had an interesting tussle which went to the Police skip by the narrowest possible margin.

Wally Mair was the only Police skip to go down, losing to Scougy Silva by six shots though he earned for his rink a bottle of John Haig whiskey as the result of a seven scored in the course of the game.

Nothing seems to be able to check Craigengower in their race for the First Division title. So far they have been beaten only once—at King's Park by Recreio "A" in their very first match of the season in which the Portuguese won by one shot.

They further consolidated their already strong position by their clean sweep win over Kowloon C.C. at Cox's Road last Saturday. They won on all rinks by 37 shots. Charlie Rossetti returned the best figures for Craigengower beating Teddy Fincher by 24 shots. Included in his rink score of 33, was a seven which he obtained on the eighth head as a result of which he was 19—1 in the lead. The final scores read 33—9 in Rossetti's favour. U.M. Omar had a seven shot win over Tommy Madar and B.W. Bradbury ended his match against N.J. Babbington six shots to the good.

The fact that Kowloon Docks not only won but won decisively on all rinks came as a great surprise to all bowls followers. Add to this the fact that the game was played at Austin Road and the result is not only surprising, it is incredible! But that they deserved it on the day's play is never to be doubted.

The rinks they had last Saturday were fairly unrecognisable from those they had the week before against Craigengower. Kowloon Docks' aggregate of 82 shots last Saturday was the highest for the afternoon, but they shared this credit with Craigengower who also had the same aggregate. However, Kowloon Docks had the bigger win margin, beating Kowloon Bowling Green "B" by 40 shots.

M. Ferguson who registered the biggest rink win for Kowloon Docks led L. Guy all the way through and eventually won by 15 shots. Of the other two Kowloon Dock skips, A. Calman beat G. H. Shepherd by 14 shots and Fred Cullen won by 11 shots against Joe Meyer.

Easily the most interesting game in the First Division on Saturday afternoon was the encounter at King's Park between Recreio "B" and the Civil Servants which resulted in a win by the narrowest possible margin for the Portuguese though they were actually down on two rinks.

The man who saved the day for the Portuguese was C.A. Lopes whose 23-shot win over J.W. Deakin enabled them to obtain three points for the game. This offset the deficit of 22 shots incurred by C.C. Pereira and Eddie Souza together against M.N. Rakusen and J.F. MacGowran respectively and enabled Recreio "B" to emerge winners by a single shot on aggregate.

P. O. C. BEATEN

Volunteer training seems to have hit the Second Division particularly hard. Of the four matches arranged for Saturday only two were played off. In fact, only one was played, as the game between the Prison Officers and the Hongkong Cricket Club at Stanley was a postponed match.

This match resulted in a win for the latter by the small margin of 3 shots and I must confess that this result rather surprised me as I believe the Prison Officers to be good at home, though vulnerable when playing away.

C. M. Costello, the HK.C.C. skip, proved their downfall as it was solely his big win over J. McCormick that enabled the Officers to win. His two fellow skips lost in their respective games: R. N.

### MINIATURE RIFLE SHOOT:

## EXCELLENT INDIVIDUAL SCORES RETURNED IN SUMMER POSTAL LEAGUE

The first results of the Summer Postal League have produced some excellent individual scores although several teams lost their matches by not having a fourth marksman up to the shooting standard of his fellow team members.

The Hongkong Police "A" team produced the highest scores of the period on their 20 yards range with a 362 against the R.A.F. "A" team and 347 against the Punjab "E" team. Other results returned show that they are going to have some very keen competition in the future when other marksmen have had the opportunity to practice.

A close result was provided by the Middlesex Regiment "E" team who scored 342 to the Royal Scots "C" Coy. "A" 341, both good average scores.

The highest individual Open Sight scores of the period were: C.H.M. Adal Sher (Punjab "D") 94; Sgt. F. E. Russell (H.K. Police) 93; Nk. Noor Alam (Rajput "D") 93; Sgt. Puran Singh (H.K. Police "A") 93; C.S.M. Milne (Royal Scots "D") Coy. "A" 92.

Scores in the Aperture Sight team returning the highest score of the period with 386 against the H.K. Police "A" Sgt. Wall (H.K. Police "A") returned a 99 as the highest individual score.

# APPEAL INAUGURATED: DR. LIM SPEAKS OF MAIN OBJECTIVES OF ORTHOPAEDIC CENTRES: TRIBUTE PAID TO GOVERNOR'S LABOURS IN CHINA'S CAUSE

## Importance Of Prevention Of Deformity, Disability

The main objective of the Orthopaedic Centres of which three are now organised and others are set up as soon as funds are available, is thus the rehabilitation into civil life of every soldier discharged from the Army as disabled.

There is, however, another equally important objective. That is the prevention of deformity and disability. Many wounds, often the light ones, will deteriorate into bad cases if they are not properly treated at the beginning.

The above formed part of a very eloquent speech made by DR. ROBERT LIM, Director of the Medical Service Training Schools and as there are going to be one School (and Hospital) in each War Area there will eventually be an Orthopaedic Centre in each War Area. With good treatment given at an early stage, the number of disabled may be reduced by half or more.

### FUNDS NEEDED

In this work of training the Chinese Red Cross in doing an important part, not only at the Centres, but also at the Front. Funds are needed for the work.

I am sure you will feel it your duty to help those who have suffered in the cause of their country and in the cause of freedom the world over.

### GOVERNOR'S SPEECH

His Excellency said:—

My Lord Bishop, Ladies and Gentlemen:—I want to put a very plain case to you this afternoon. We know—we cannot help but know—that on every stricken field in China there lie after each battle—men—a few hours ago strong, hearty, now in an agony of pain, for whom the future holds one of three possible prospects, a lingering death, the blasted life of a cripple or, thirdly, restoration in part or in whole to health and strength.

If we were actually to be confronted with such a one, and if the means to help him were at hand, stretcher, ambulance and hospital, who among us would hesitate to carry that stretcher and help with that ambulance until the victim of war had reached the surgeon? Would we not strain every nerve and muscle to get that man to hospital? Would we care whether we risked our very lives if he lay there in the flesh, bleeding at our feet?

I tell you that thousands of these stricken, pain-torn, dying men are lying about you this very afternoon. Not here physically in Hongkong, but over there in China for which land beats the heart of every Chinese man and Chinese woman and of every friend of China, however loyal a British subject he or she may be.

### CRYING NEEDS

Those stricken men may be far away in reality, though not, I trust, far from your thoughts; but right here at hand you have stretchers, ambulances, hospitals, surgical instruments and all the rest of Dr. Robert Lim's crying needs; and you have them in very large quantities; not perhaps enough to fulfil all his requirements, but quite enough to save thousands of men from death or helpless crippledom.

You may ask me where this great store is? The answer is the simplest possible: it is in your chequebooks. But not only yours: you have been brought here not only for what you yourselves will give to help the men who are enduring almost hopeless agony in China's cause, but also that you may hear with your ears and publish abroad the morale of the soldier patient, he must be given something to do.

Above all he must not be returned to society, feeling an outcast unable to sustain himself or subsisting solely upon the pension which he may receive.

### BISHOP HALL

Bishop Hall, in the course of his speech, said that the inauguration of the Campaign was due to the initiative of Madame H. H. Kung and Mr. O. K. Yul. It was at Madame Kung's residence that the plan was first mooted.

Those who knew Madame Kung and her interest in, and admiration for, the Chinese soldiers as well as for the Chinese Red Cross, of which Dr. Robert Lim was the able leader, would know that she was determined that the amount set on would be raised, said Bishop Hall.

The speaker went on to recall that Dr. Lim's friendship with himself dated back 20 years in France where, said his Lordship, were it not for the efficiency of the Red Cross workers he (the speaker) would probably now be a permanently disabled soldier or, worse still, a permanently silent soldier.

Bishop Hall paid a glowing tribute to the work of the Chinese Red Cross and the Orthopaedic Centres in Free China.

### DR. ROBERT LIM

Dr. Robert Lim said, in part:—The Orthopaedic Centres have been organised to care for those who have been disabled in the course of China's struggle for freedom. Naturally most of the cases are soldiers, but civilians injured or maimed through enemy air-raids must also be helped.

Time hangs wearily on the patient, and progress of cure is often discouraging. To keep up the morale of the soldier patient, he must be given something to do. Above all he must not be returned to society, feeling an outcast unable to sustain himself or subsisting solely upon the pension which he may receive.

### VOATIONAL TRAINING

The disabled are, therefore, encouraged to undergo vocational training along some line which is adapted to his disability, and which will afford him a responsible living by his own efforts. The disabled, after being treated and repaired, feels as good as new, so to speak, and is prepared to take his place in the nation as a useful citizen. The Orthopaedic Centres are thus equipped and staffed to carry out vocational training.

Many cases of amputation can be avoided and limb-saved if properly handled at the start.

## CRIMINAL SESSIONS

### 15 MONTHS FOR ROBBING WOMEN

Remarking that he had pleaded guilty to a very serious charge of robbery, more serious as it was on women, the Chief Justice, Sir Atholl MacGregor, at the Criminal Sessions yesterday, sentenced Tam Kwong, 26, unemployed, to 15 months' hard labour and 18 strokes of the cane.

Tam admitted a charge of having robbed, at No. 314 Battery Street, third floor, on April 16, Lam Ying of a pair of bangles, H.K. \$10 and \$220 Chinese currency. Tam Yuet of \$450 Chinese currency and Shu Ying of H.K. \$50.

Second charge of assaulting Lui Kan-pg at No. 108 Nanchang Street, first floor, on May 8 with intent to rob him was withdrawn. Accused pleaded not guilty to this count and the Crown did not offer any evidence against him.

Chief Det.-Insp. A.E. Carey was in charge of the case.

Six months' hard labour was imposed on Chan Wan-cheung who pleaded guilty to a charge of unlawful possession of one revolver and six rounds of ammunition at Taipo on June 18. The revolver and ammunition were ordered to be destroyed.

Acting Sub-Inspect. A.F. Estall was in charge.

Mr. J.P. Murphy, Assistant Crown Solicitor, prosecuted in both cases.

### JUDGMENT FOR PLAINTIFF

Judgment with costs was awarded by Mr. Justice Cressall at the Summary Court yesterday to F. L. Marcal, of No. 8 Village Road, ground floor, in a claim for \$200 against L. M. Larchman, trading as Electric Dayling Company, of Shell House.

Plaintiff claimed \$100 being paid out for June, and \$100 in lieu of a month's notice.

Mr. J. M. d'Almada Remedios was tried for plaintiff.

Mr. Remedios pointed out to defendant that no mention of a guarantee was made in the contract which he had signed.

Mr. Justice Cressall said that on the evidence heard he had no alternative but to award judgment to plaintiff.

undone, no sacrifice unmade, no soul unspared, that might have saved that poor creature from his misery," then and then only will this word "enough" be justifiable in your mouth.

DESERVING CAUSE

I hope that I have put the case as plainly as I promised. Dr. Lim has told you of the help which the Orthopaedic Centres started by him is giving to China's wounded and of the very urgent need which those centres have for expansion and equipment. I do not propose to cover that ground again nor to pad out my case with compliments, however well merited, to those who are identified with this most deserving cause. The fact that this Appeal is launched under the patronage of the highly distinguished lady whose name is associated with it is sufficient guarantee that every dollar that you give will be wholly and widely spent on the Orthopaedic Centres.

Dr. Lim's devoted work Bishop Hall had told you something and I will add no more to his words than to say that in Dr. Robert Lim, the Generalissimo has a servant worthy of himself. I could not find higher praise than that.

My part is to urge this Appeal on you and in doing so I ask two things of you. First, that you will be its Apostles to all who may be willing to respond to it; and secondly that when you yourselves make your response you will keep before your eyes the vision of the broken men whom this Appeal sets out to help. If you see that picture clearly this Appeal will exert enough will to result positively. I can suggest only one.

DR. G. T. WANG

In a speech, supporting the appeal, Dr. G. T. Wang, former Chinese Ambassador in Washington, continued Part 16, Col. 3.

## Police Courts

### AT CENTRAL

#### THEFT OF PETROL

Before Mr. H. G. Sheldon, K. C., yesterday a 17-year-old seaman, Mag Mau, was charged with larceny by servant of four gallons of petrol, valued at \$7.20, from the Club's No. 1 motor boat, lying off the Ah King Slipway, Bay View. Cheung Yau, 38, coxswain of the launch, was cited as complainant. Defendant pleaded guilty and was fined \$20 or six weeks' hard labour.

Det.-Sgt. V. M. Morrison prosecuted.

#### ROBBED FELLOW-TENANT

A 28-year-old married woman, Chung Chol-foon, was sentenced to one month's hard labour by Mr. Sheldon yesterday for stealing from a fellow-tenant, Yueh Yu, 32, firewood dealer, at No. 37, First Street, first floor, \$54 Hongkong money and \$50.20 Chinese currency.

Sgt. F. Roberts prosecuted.

#### KEPT BROTHEL

Charged before Mr. Sheldon yesterday with keeping a brothel at No. 54, Jaffe Road, Wan Chai, on July 18, Wong Chu, 20, woman, had her ball of \$20 estreated when she failed to appear.

Miss P. Harrop, Lady Assistant of the S. C. A. prosecuted.

#### SERIOUS CHARGE

A Chinese Police sergeant attached to Central Police Station, Tong Kau, 37, was charged before Mr. G. T. Lowry yesterday with two counts of accepting a bribe of \$2 on July 16.

On the application of Det. Sub-Inspect. C. H. Goodwin, defendant was remanded for a week on \$1,500 bail.

Mr. S. Ng Quinn is appearing for the defence.

#### GAOL FOR SNATCHER

Wong Yik-cham, 21, unemployed, pleaded guilty to a charge of theft and was sentenced to three months' hard labour by Mr. Lowry yesterday.

Insp. S. C. Saunders prosecuted.

#### COMMITTED FOR TRIAL

Tsang Shun-cheung, 55, married woman, mistress of the Sze Kee Shop, No. 30, Shaukiwan Road, ground floor, was committed for trial by Major A. N. Macfadyen yesterday on a count of recycling stolen property and another of offering a bribe of \$68 to a Police officer.

The committal proceedings were conducted by Mr. D. Brittain Evans, assisted by Sg. W. L. Kinloch, Mr. C. A. Sutherland Russ was for the defence.

Defendant was released on \$1,000 bail.

#### THEFT OF \$204

So Kang, 22, unemployed, was charged before Mr. Sheldon yesterday with larceny of \$204 from his brother-in-law, Ho Chuen, 45, pork stallholder, at No. 14, Ewo Street, ground floor.

It was stated that the complainant on the day in question was walking along Nathan Road near Hamilton Street when accused, who was walking in the opposite direction, struck her hand that was holding the purse. Another Chinese male, not in custody, picked up the purse and ran away.

Accused also ran away, but complainant raised an alarm and he was caught by a passer-by.

Accused was sentenced to three months' hard labour and recommended for banishment.

Sgt. J. Dempsey prosecuted.

#### ILLEGAL ANCHORING

Leung Chuen, 20 fokl, of class two No. 2286, was fined \$100 or one month by Mr. D. J. N. Anderson yesterday when he was charged with anchoring his boat, which had 2,954 tins of petrol on board on July 20, at a place other than a dangerous goods anchorage.

Sgt. C. E. Lee prosecuted.

#### STOWAWAY EXPELLED

John Logan, 42, of California, appeared before Mr. Anderson yesterday when he was charged with being a stowaway on board an American steamer which arrived in the Colony on July 20.

Defendant pleaded guilty and his worship made an order for his expulsion.

#### DEATH INQUEST

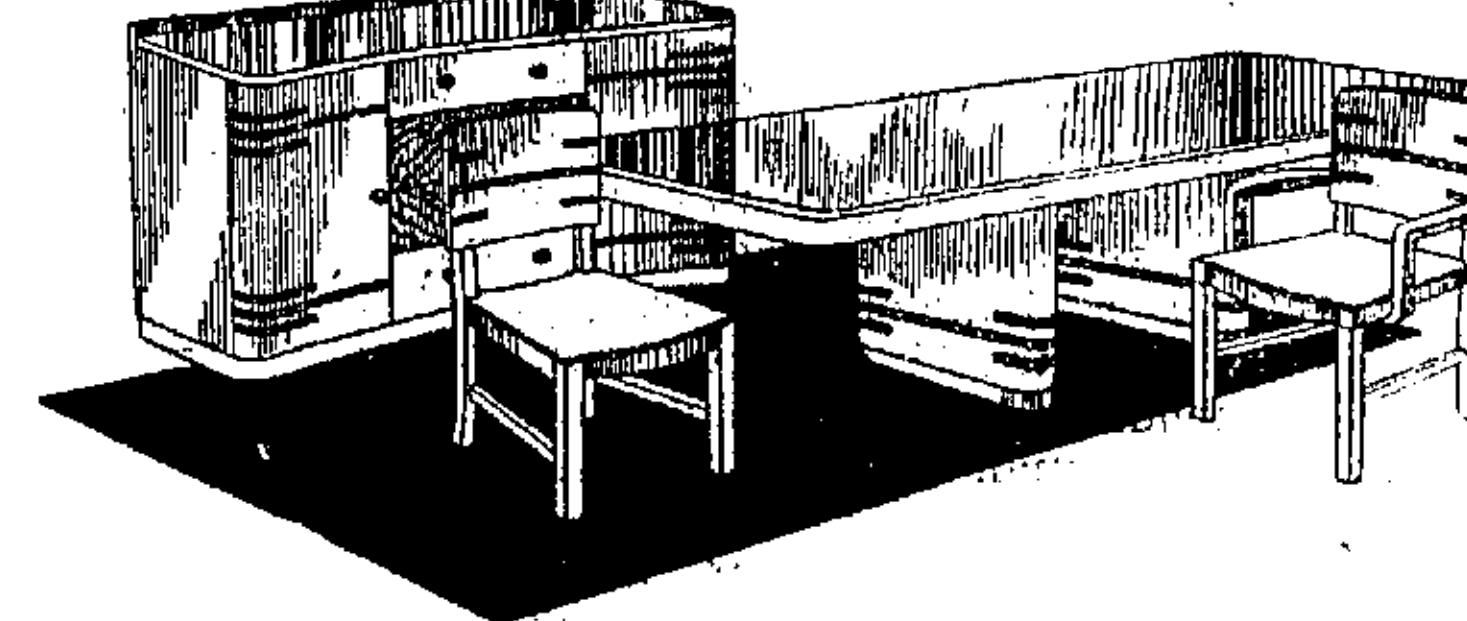

A jury, comprising Messrs. R. M. Shroff (foreman), A. R. Cruz and Wong Cho-chol, returned a verdict of Accidental Death at an inquest held before Mr. Macnamara yesterday in connexion with the death of a Chinese woman whose identity is unknown.

On June 21, the woman was sleeping on a rock on the hillside of Tung Ping Chau. During the night a number of people went to the hill-side to cut down a tree. The tree fell over the woman hitting her on the head and as a result of which she died.

Defendant made a statement in the witness box in which he said that the complainant and he were sweethearts. He had given her money and she had given him money. He admitted that he had assaulted her before this incident.

Det. M. S. Begbie, Assistant Government Factorial and Dr. H. M. Tan, Medical Officer on the Kowloon Hospital, gave evidence.

## SWELLING CHORUS OF FREEDOM

THE INAUGURATION of the "V" campaign, through which Europe's invisible army of millions was mobilised on Sunday last to commence a silent, but determined, opposition to German oppression in the occupied countries, has a much greater significance and wider potentialities than appears possible on the surface. It means that at every turn, from now on, the Nazi tyrants who have enslaved the peoples of the countries they have forced into subjection will be faced with an unseen foe who will thwart their every effort to impose their ruthless policies in the conquered territories. This hidden menace to their so-called "new order" must inevitably cause a serious disruption in their industrial centres and drive their armed forces and political leaders and puppet organisations to distraction, creating just that state of disorder and confusion which will gradually begin to weigh against the advantages which the Germans have been able to secure from their European conquests.

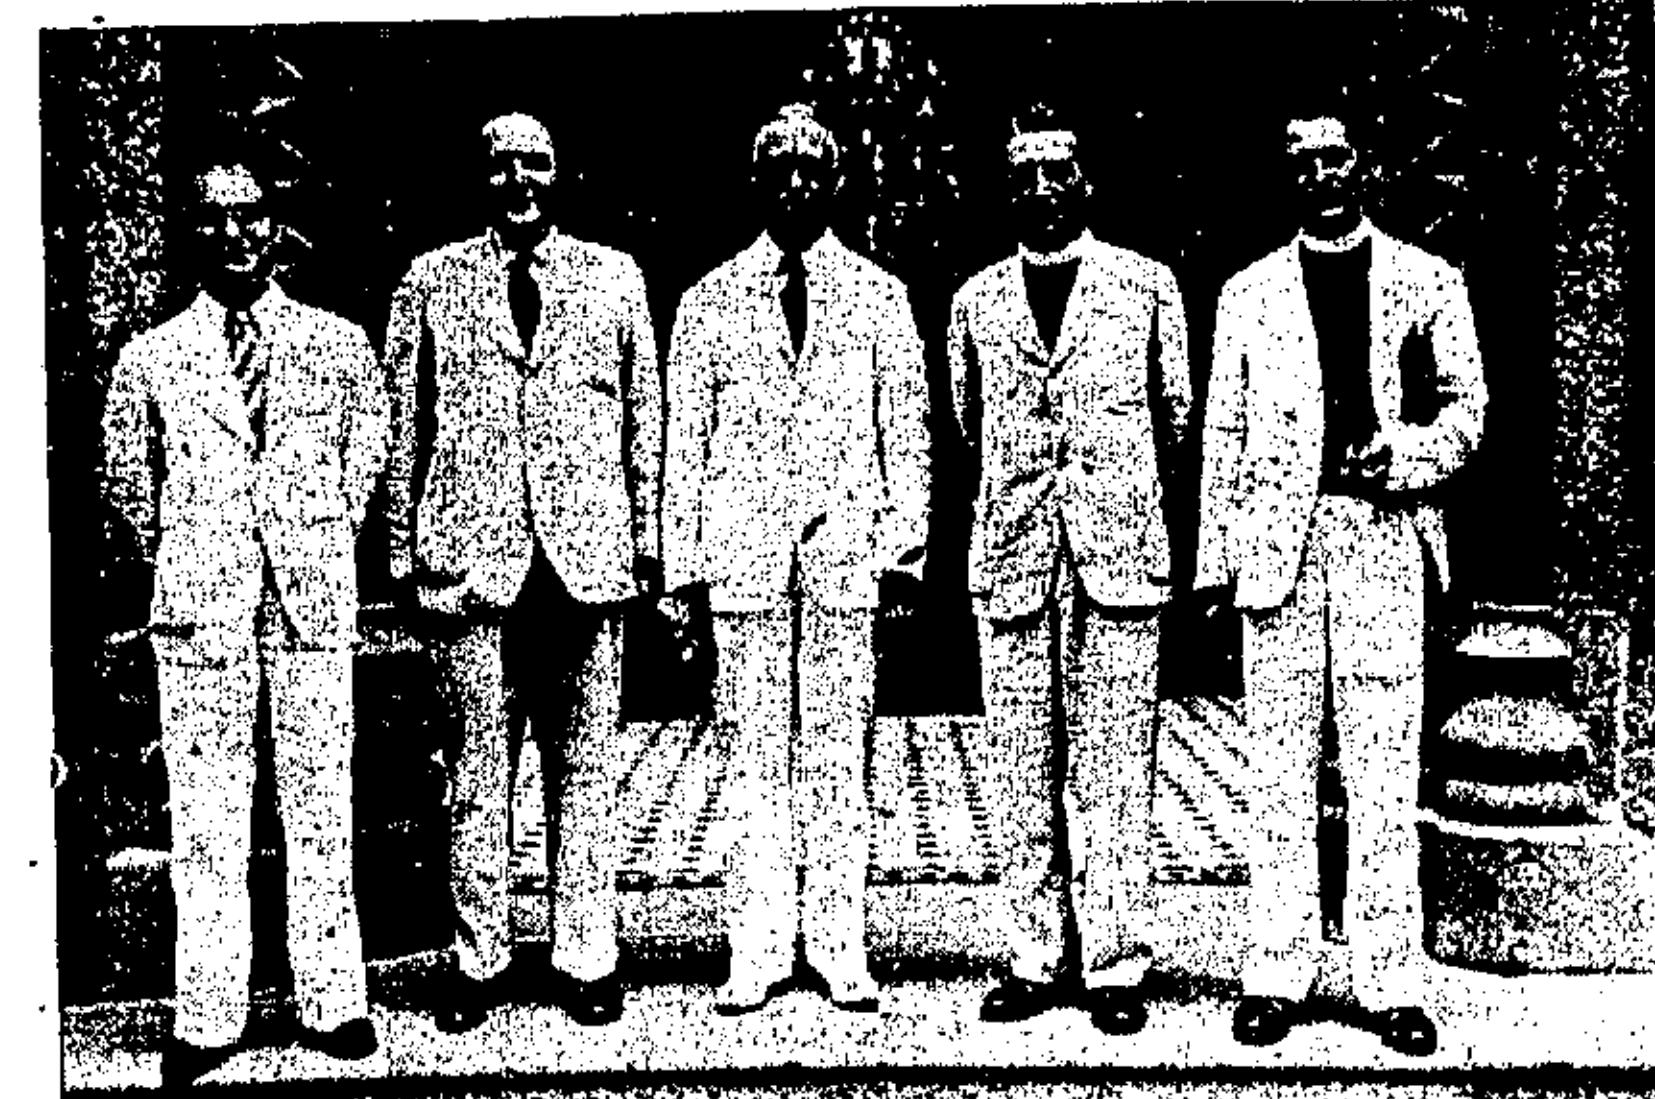

THE SPONSOR of this huge campaign, Col. Britton, has made the objects of the movement as simple as possible, well realising that this huge invisible army will have to be most circumspect in their activities in view of the renewed brutality with which the Germans will deal with any of those who should be careless enough to be caught in the course of this underground warfare against the Nazis. As the result of an

APART from this stupid error, the Nazi decision to adopt the "V" sign has made the task of Europe's invisible army considerably easier, because it will enable them to splash the symbol from one end of the continent to the other without making it apparent that they are members of the true "V" army and not of the German movement. This blunder on the part of the Nazis is in itself a proof of the nervousness with which they regard the possibilities of the unseen forces which have now been mobilised as a definite organisation against them. In the meantime, the peoples of Europe who have been brought under the Nazi yoke and who have up to now been only able to show their sympathy for the Allies and their hopes for a speedy victory for the allied arms by isolated acts of opposition to their conquerors, will now be able to work under a guiding influence. The whispered orders that will go out to the "V" army will gradually swell into a chorus for freedom until, as the Prime Minister, Mr. Churchill, said on Sunday, the "V" sign materialises into a full and complete refusal on the part of the enslaved peoples to collaborate with their conquerors. The "V" sign is, indeed, a portent of the fate that awaits Nazi tyranny.

## ORDER OF PROCESSION FOR CONSECRATION

The following will be the order of the procession of those taking part in the Consecration of the Very Rev. John Leonard Wilson, Dean of St. John's Cathedral, as Bishop of Singapore, at the Cathedral at 5.30 p.m. today:

The Verger; a Server; the Choir; Messrs. P. Wilson and G. Ladd (Servers); Pastor G. Reichelt and Rev. E. Moreton; Revs. Frank Short and K. Mackenzie Dow; Rev. J. F. Sandbach and Pastor N. Thiele; Revs. J. C. L. Wong and Charles Strong; Revs. J. G. H. Baker and H. Davis, C. F.; Revs. Cyril Brown and S. J. Squires; Revs. Paul S. F. Tso and Edward Lee; Revs. G. E. S. Updell and S. The Manila Observatory, at 10.25 a.m. yesterday, reported a typhoon south-west of the Bonin Islands. The direction is unknown.

unexpectedly fortunate circumstance, however, the "V" army has already been placed at an advantage in carrying out the injunctions given to it by Col. Britton. This occurred owing to the manner in which the Germans decided to answer the movement sponsored by Col. Britton. Hoping to turn it to their credit, they adopted the "V" sign as signifying their own victorious programme and tried to tell the world at once that this symbol signified the increasing confidence which the people of the occupied countries had in a German victory! Unfortunately for the Nazi propagandists, the whole world knows that there is not a single word in the whole German vocabulary starting with the letter "V" and meaning "victory!"

APART from this stupid error, the Nazi decision to adopt the "V" sign has made the task of Europe's invisible army considerably easier, because it will enable them to splash the symbol from one end of the continent to the other without making it apparent that they are members of the true "V" army and not of the German movement. Binsted, Bishop of the Philippines Islands and Presiding Bishop at the Consecration Service; and Rev. H. A. Wittenbach, Vicar of St. Andrew's Church, Kowloon, who is now Bishop of Wellington.

## HIS CAREER

The Very Rev. J. L. Wilson is a former Army man and during the last war he saw active service in France, says the Malaya Tribune.

He was a layman educationalist in Egypt and Persia, has travelled extensively in India, Africa, Australia, New Zealand and China. has been in close association with high ecclesiastics in England and elsewhere, and is in every way most suited to be head of the Church in the Empire's fortress of Singapore with its large military population, its conglomeration of communities and religions, and varied social problems.

During his four years in Hongkong, Dean Wilson endeared himself to all communities by his charm of manner and never-tiring smile, his wide and liberal religious and social views, his indefatigable activity in the Colony's social welfare work and his constant close contact with the righting and civilian services. He has on several occasions addressed the troops here, and his loss will be greatly felt by Christians and non-Christians alike.

## "GREW UP" IN ARMY

Born in Surrey, the Bishop-designate of Singapore was educated at St. John's School, Leatherhead Surrey, and joined the army immediately on leaving school. He was under-age at the time and so small, that he was placed in the recruiting office at Newcastle for six months!

He recalled with amusement that he literally "grew up" in the Army as he was even too small for the bantams! His height was four feet 11 inches and his weight a little more than six stone, yet when he left the Army he had increased his height by eight inches and his weight by five stone!

## REGISTRY WEDDING

At the Registry, Supreme Court, yesterday Miss Chan Wal-king, of No. 224, Leichhuk Rd., Shamshuipo, was married to Mr. Sung Wing-kwan, guard, residing at No. 268 Yu Chow Street, Shamshuipo. Mr. J. Reynolds, Deputy Registrar officiated.

## DEATH OF MR. C. L. CLARKE

## Former Journalist Laid To Rest

The funeral took place at the Mohammedan Cemetery yesterday evening of MR. CHARLES L. CLARKE who died at the Queen Mary Hospital after a short illness.

The late Mr. Clarke was, at the time of his death, the Manager of the Neptune Cafe, Gloucester Road, and was 47. He was a journalist of no mean ability and had been connected with several English dailies in the Colony and other parts of China. He was formerly the News Editor of the China Times.

He is survived by his wife, two sons and a daughter, a brother-in-law, Mr. A. K. Sonderam, and another-in-law who were the chief mourners.

The religious service at the mosque and at the graveside were conducted by Mulvi Mohamed Noor Shah.

## THOSE PRESENT

Among those who attended the funeral were Hajee A. R. Abbas, Messrs. S. A. Seper, R. M. Omar, S. A. R. Rahman, J. Ackbar, A. R. H. Esmail, M. el Arculli, D. Rahman, M. Currim, A. R. Abbas, A. Abbas, M. A. Abbas, C. Alarakia, U. Esmail, K. M. Omar, A. M. Rum-jahn, E. S. Howard, F. Schnapfel, I. Haroon, A. Souza, T. Ali, A. K. Suffiad and many others.

Floral tributes sent were by Mr. and Mrs. S. Alarakia and family, Mrs. C. Alarakia, Mr. Chas. L. Becker, Mr. and Mrs. A. R. H. Esmail, Mr. and Mrs. U. Ebrahim, Freddie and Kitty, E. S. Howard, Iki and Rae, A. R. Minu and I. Haroon, Anna Sonderam, Neptune Cafe, Embassy Cafe and others.

## FATAL ROOF FALL

While playing on the roof of No. 66 Po Kong Road, a 13-year-old boy, Lung Tak, fell backwards and sustained injuries rendering him unconscious. Although the accident occurred on July 18, the boy was only taken to the Kowloon Hospital yesterday and died without regaining consciousness.

The Pectoral Cross (left) and the Staff of Office which the Bishop-Designate of Singapore will receive after his Consecration at St. John's Cathedral this afternoon.—(King's Studio).

Dean Wilson then became vicar of Filton Banks, and later vicar of St. Andrew's, Roker, Sunderland, where he succeeded the Rev. Walter Johnson who died suddenly while visiting parishioners.

From there he was appointed to St. John's Cathedral, Hongkong, in 1937 and came out to the Colony the same year.

In August last year he accompanied the first batch of evacuees from Hongkong to Australia and New Zealand, returning before Christmas, having done excellent work among them in Australia, helping them to obtain suitable accommodation, making arrangements for the children's schooling, obtaining special terms for needy cases etc.

LOOKING FORWARD

The Dean has been to Singapore and the F.M.S. and has a good idea of the work that lies before him and is looking forward to taking up his new appointment.

It is interesting to recall that the Bishop of Hongkong, the Right Rev. R. O. Hall, was a former colleague of the Dean's both having worked together when Bishop Hall was vicar of St. Luke's, Newcastle. The present vicar of St. Nicholas Redford, Coventry, the Rev. H. W. Barnes, one of the many churches destroyed by the German air raids, was formerly Assistant Chaplain at St. John's Cathedral, Hongkong, and has many friends in the Far East.

## DEATH OF MRS. G. H. COATES

## Wife Of Interport Lawn Bowler

We regret to record the death of Mrs. Gladys Hannan Coates, A. E. Coates, the Crongowen Cricket Club and Interport lawn bowler, which occurred suddenly at 1 a.m. yesterday at St. Teresa's Hospital.

Mrs. Coates also took a very keen interest in sport, having played softball for the Cardinals two seasons ago.

The deceased is survived by her husband, mother, two daughters, Helen and Dorothy, two brothers, three sisters and many nephews and nieces to whom the greatest sympathy is extended.

The funeral will pass the Monument at 5.15 p.m. today.

## TRICYCLE HIT

Young Loy has reported to the Police that while he was driving a tricycle along Boundary Street yesterday at 11.15 a.m., a lorry No. 1148 collided with the rear of his tricycle and "knocked" all the moodles which he was conveying to the ground.

The lorry did not stop after the incident.

## RATIONING MEANS MAKING BEST USE OF LIMITED COMMODITIES, SAYS EXPERT

"Rationing means making the best use of limited essential commodities," declared MR. DONALD TYERMANN, the well-known economist, when he broadcast from London yesterday on the latest developments in war economy in Britain and the manner in which the people were responding to fresh restrictions being made on them.

"We are just getting used here to rationing on clothes," said Mr. Tyermann, "and now we are entering a new period of food rationing. There are to be a number of new devices for getting us essentials like butter and sugar at the same shop.

## WAR ECONOMICS

"When we started rationing, we thought that rationing was a sign of weakness. Now we know better, not because we are worse off, but because we understand the economics of war better.

"No matter how well off a nation is, a nation has not got an unlimited supply of everything. We here, for instance, have not got an unlimited supply of labour, transport and ships, so the less we can use of these things the better. This process of eking out is simply rationing."

Mr. Tyermann said that as a result of this, civilian industries had been rationed according to the importance of the different industries.

## IMPORTANT AIM

"There is no so much ship space to spare for so much tobacco and rationing there would be a theoretical solution. But how can you ration tobacco?

Rationing, therefore, is mainly meant to prevent shortage rather than to cure it and that is the important aim of wartime policy. That is why pretty well everything important, such as raw materials and food, are rationed already."

In conclusion Mr. Tyermann said that rearming could not be carried out successfully without priority in certain industries and commodities and this has got to be done.

## NEWSETTES

The marriage took place on July 10, at H.B.M. Consulate General, Shanghai, before Mr. L. H. Lamb, Reva, widow of the late E. E. Ellis, to Archibald Palm Nazer, both of Shanghai.

Over \$30,000,000 war savings bonds had been purchased by the Cantonese in Kwangtung up to the end of May and the total amount up to the end of June is expected to exceed \$40,000,000, according to Mr. Jang Yin-fun, Secretary-General of the Kwangtung Provincial Government who is now visiting in Chungking.

The National Government on Friday formally appointed Dr. T. F. Tsang, Director of the Political Affairs Department of the Yuan, as concurrently acting Secretary-General of the Yuan which post was vacated by Dr. Wei Tao-ming following his appointment as Chinese Ambassador to Vichy.

The wedding took place in Shanghai, on July 10, at Holy Trinity Cathedral of Mr. George Jeffery Read, son of Mr. and Mrs. W. S. Read, of Shanghai, and Miss Elfreida Ennock, daughter of Mr. and Mrs. A. E. G. Ennock, of Shanghai. The Very Rev. A.C.S. Trivett officiated.

A party of 11 overseas Chinese representatives from Singapore, Philippines and Penang including Messrs. Tsai Chieh-shih, Jieh Hung-en and Shih Ti-kent arrived in Yungang on Saturday via Kwangtung and Klang to investigate conditions in Fukien, their native province. The party was given an enthusiastic welcome.

Dr. Hollington K. Tong, Vice-Minister of Publicity, and many other Chinese graduates of the University of Missouri, and the influential Chinese newspaper Ta Kung Pao, have wired messages of condolence to Mrs. Frank Martin, wife of the Dean of the University who died last Friday, July 10, at the age of 60 at Columbia, Missouri.

The death occurred on July 11, at the Country Hospital, Shanghai, of Robert Leslie, infant son of Mr. and Mrs. C. M. Phillipps. Funeral service (cremation) was held at Bubbling Well cemetery on July 12 by the Very Rev. Dean Trivett.

# Stubborn Fighting In Direction Of Novograd-Volinsk

MOSCOW, July 21 (Reuter)—The morning communique issued by the Soviet Information Board states:—

"During the night of July 20, stubborn fighting continued in the direction of POLOTSK-NEVEL, SMOLENSK and NOVOGRAD-VOLINSK."

## Formidable Defences Of Leningrad

VICHY, July 21 (Reuter)—Leningrad's defensive system described as one of the most remarkable in the whole world by the Stockholm newspaper, "Nya dagit Allehanda," quoted by the Vichy news agency.

The writer declares that this defensive system comprises an extensive fortified territory bounded on the west by the River Narva. Lake Peipus and the River Velkaya; on stated to be imminent nine days ago.

Another indication that the Germans are not doing so well is the fact that they have not yet taken Klev, whose capture was

claimed by the Valdai Mountains and on the north by Lake Ladoga and the Gulf of Finland.

Leningrad's fortifications, he says, extend as far as Pleskau. The fortified belt along the Gulf of Finland is stated to be 50 miles in depth.

All these fortified positions have been recently strengthened. Within this area, accommodation is provided for 5,000 aeroplanes.

## AXIS SHIPPING LOSSES

### HEAVY TOLL TAKEN OVER WEEK-END

LONDON, July 21 (Reuter)—Fifty-five thousand tons of Axis shipping have been destroyed by British bombers during the week end.

Announcing this, the Air Ministry states that this figure was reached when a German tanker of about 7,000 tons was disposed of yesterday. This tanker, originally attacked by British fighters, was later found by Blenheim bombers off the French coast near Le Touquet.

The bombers came down to mast height to deliver their attack and the tanker was hit amidships and astern, causing an immense explosion.

#### TANKER BEACHED

During the attack the British bombers drove off three German machines from one of which black smoke was seen pouring.

Later in the evening reconnaissance showed that the tanker had been beached near Berck-sur-Mer down at the stern with the bow well out of the water and a trail of oil was drifting seawards.

### NAZI ACCUSATION AGAINST VICHY

LONDON, July 21 (Reuter)—The German-controlled Paris radio last night virtually accused the Vichy authorities of planning to move M. Daladier and other political prisoners to a place where they could be rescued by the British Navy.

These prisoners, it was stated, are to be transferred from Bourgass in Central France, to the island of Porquerolles, off the Mediterranean coast, near Toulon.

The announcer commented, "These gentlemen could not have been placed nearer a British warship with their hospitable cabin."

### REPRESENTATIVES EXCHANGED

LONDON, July 21 (Reuter)—The India Office announces that the British and American governments, in consultation with the Government of India, have agreed to a reciprocal exchange of representatives between the United States and India.

Sir Girja Shanker Bajaj, a member of the Viceroy's Council, has been appointed the first Agent-General for India in the United States.

The name of the United States representative in India will be announced shortly.

### JAPANESE LOSSES IN CHINA WAR

HINGTSI, July 21 (Central)—Japanese losses in China during the past four years of war totalled some 1,600,000 men and officers, it was revealed by a high ranking Japanese officer on July 7 at a memorial service for the war dead held at Wanchuan in southern Shensi commemorating the war anniversary.

### BRITISH CABINET CHANGES

#### NEW APPOINTMENT FOR R.A. BUTLER

LONDON, July 21 (Reuter)—Official Cabinet changes have been announced as follows:—

Mr. R. A. Butler (Under-Secretary for Foreign Affairs) becomes

President of the Board of Education.

Mr. Brendan Bracken (Personal Secretary to Mr. Winston Churchill) becomes Minister of Information.

Mr. A. Duff Cooper (Minister of Information) becomes Chancellor

of the Duchy of Lancaster and is proceeding to the Far East to examine on behalf of the War Cabinet the present arrangements for consultation and co-operation

between the various British authorities, military, administrative and political, and to report to them how these arrangements can be made more effective.

Lord Hankey (Chancellor of the Duchy of Lancaster) becomes Paymaster General.

Mr. R. K. Law (Financial Secre-

tary to the War Office) becomes Under-Secretary of State for Foreign Affairs.

In North Africa, German bombers heavily bombed British artillery positions. Three British fighters were shot down.

During attempts by British aircraft yesterday and this morning to attack the Channel coast, fighters and anti-aircraft guns shot down eight enemy aircraft.

#### PIN-PRICKS

NEW YORK, July 21 (Reuter)—"Pin-pricks in Russia's skin" is the phrase used by the NEW YORK TIMES in a leading article this morning describing the first month's German campaign in Russia.

Colonel G. S. H. Watt becomes the Prime Minister's Parliamentary Private Secretary.

Sir Hugh Seely becomes additional Parliamentary Under-Secretary of State to the Air Ministry.

Captain H. H. Balfour, Mr. Tom Williams, M.P., and Major Lloyd George become Privy Councillors.

### Anxiety For Immediate Future Is Deepened

BANGKOK, July 21 (Reuter)—Seeing that even veteran British and American commentators are cautious in their verdict of the new Japanese Cabinet, experienced observers here hesitate to venture an opinion of Tokyo's developments.

In the absence of clarification from Tokyo, they frankly confess themselves puzzled by the conflicting interpretations of Mr. Matsuoka's exit and Admiral Toyoda's entry into the Japanese Foreign Office.

Meanwhile, gloomy forebodings from various sources bracketing Thailand with Indo-China have accentuated the confusion and deepened anxiety for the immediate future.

NOT DISSIMILAR

Observers hold that if Indo-China is about to become the Syria of the Far East, then Thailand's present position is not dissimilar to Turkey's as both are determined to safeguard independence and maintain neutrality.

While Britain's sympathetic friendship is the common factor of Thailand as well as Turkey, the active Axis friend in Turkey is Germany whose counterpart in Thailand is Japan.

Thailand's official quarters pointblank refuse to comment on the complexion of the Japanese Cabinet or the disquieting forecasts of Japan's southward move. They are content to reiterate that unimpaired sovereignty combined with unequal friendship for all Powers is Thailand's foreign policy.

LIAISON PARLEY

SHANGHAI, July 21 (Reuter)—The first liaison Conference between the new Japanese Cabinet and the High Command of National Defence Services was held at the Imperial Palace in Tokyo this afternoon, with Prince Kono presiding.

After the meeting, it was officially announced that similar conferences will be held from time to time "to exchange views and work out plans."

GAIMUSHO CHANGES

TOKYO, July 21 (Reuter)—Following the resignations of Mr. Honda, Ambassador to Nanking, and Mr. Ohashi, Foreign Vice-Minister, Mr. Yoshie Saito has now tendered his resignation as Diplomatic Adviser to the Foreign Office.

It is generally believed that as a result of Admiral Toyoda's appointment, the personnel of the Foreign Office will undergo considerable changes.

TURKS PLEASED

ISTANBUL, July 21 (Reuter)—The Turks are pleased at the establishment of British military authority in Syria because they have become neighbours with their British ally," writes the well-known Deputy, M. Yalcin, in the Turkish paper, Yeniseh.

Arguing that this fulfils the basic principles of the Tripartite Mutual Assistance Pact, M. Yalcin says that the Allies are leading Syria towards complete independence.

To revert to the heat: it is an ill-wind that blows no good.

While the cafes and restaurants might have been adversely affected, due to the feeling of not wanting to eat experienced by their regular patrons, soda fountains were packed the whole day. Hundreds of quarts of ice-cream must have been consumed during the past two days, and dozens of bottles of aerated waters drunk during that period.

DESPERATE DASH FOR FREEDOM

While being escorted to the Police station for having obtained, it was alleged, \$5 from two Chinese who crossed the border into the Colony on Thursday morning, Cheung Fook-cheung, a Junior Chinese Immigration Officer, stationed at Shataukok, New Territories, made a desperate dash for freedom and fled across the border into Japanese-occupied territory.

He was, however, arrested by a Japanese sentry and was handed over to the British authorities.

It was alleged that Cheung was seen by two other officers of the Department accepting the money and they had him arrested.

It is understood that Cheung had been released on bail of \$5,000.

Finally, the spokesman revealed that the Government is considering establishing a Chinese Consulate-General at Lisbon. As regards the closure of the Chinese Legation in Denmark, the spokesman said that this has been done in accordance with the Ministry's plan to readjust China's diplomatic service abroad and will not affect Sino-Danish relations.

MOST OPPORTUNE

Regarding the British-Soviet agreement of readiness to negotiate for the surrender of special privileges of British residents in China, the spokesman pointed out that the declaration is most opportune, adding that the New

## MOSCOW COMMENTS

MOSCOW, July 21 (Reuter)—The political groups now leading Poland, particularly General Sikorski, have always understood that Germany is Poland's enemy," declares a press bulletin, issued by the Information Bureau.

Poland, it is stated, can only exist as a dependent state if it stands on friendly terms with Russia. The bulletin expresses confidence that the Polish people will not be fooled by Hitler's new plan to enact the role of "saviour of Poland" by creating a so-called independent state—beneath of Pomerania, Silesia and Gdynia.

Soviet public opinion, it is stated, is following with ever-lasting interest and friendship, the Polish nation's fight against Hitlerism and oppression.

BRITISH AIRCRAFT ACTIVE  
OVER CHANNEL: MERCILESS  
STRAFING OF ENEMY SHIPS

LONDON, July 21 (Reuter)—British fighters have again been active over Northern France yesterday and have set fire to another German tanker. The Air Ministry, announcing this, says: "Our aircraft have been active over the Channel today and formations of fighters flew over Northern France. The weather, however, did not favour large-scale operations.

"Fighters attacked with their guns an enemy tanker off the French coast, setting it afire. They also attacked an anti-aircraft vessel which was escorting the tanker.

"The only German fighter which approached within range of our fighters was shot down.

"Later on Sunday, Blenheim aircraft of the Bomber Command with a fighter escort bombed and hit the same tanker.

"From these operations, two of our bombers are missing."

No reports have been received of any German air activity over Britain. The Air Ministry states simply that there is nothing to report.

An amplification of the above report says that six Hurricane pilots attacked the enemy tanker. Two columns of black smoke, each 50 feet high, were coming from the centre of the tanker as the British aircraft flew away.

While this attack was proceeding, six other Hurricanes poured thousands of machine-gun bullets into an anti-aircraft ship escorting the tanker.

Half a dozen Hurricanes attacked a "fak" (anti-aircraft) ship on Saturday, streaking down one after the other from 250 feet to 50 feet. After the fourth of the six fighters had dive-bombed, all guns on the "fak" ship stopped firing.

Another attack on Saturday was made by a lone fighter pilot on a 1,500 ton motor ship half a mile from the French coast. Diving down nearly to sea-level, he blazed away with his cannon and machine-guns, only stopping firing when he was nearly hitting the mast. As he broke away, he saw flashes of explosions and smoke coming from the bridge. The vessel turned immediately and made for shore.

GERMANY  
PLANNING TO  
SEIZE THE  
DARDANELLES

MOSCOW, July 21 (Reuter)—German plans to seize the Dardanelles are the reason for the continued concentration of Bulgarian and German troops on the Turkish frontier, according to well-informed diplomatic circles in Ankara.

The Moscow radio commentator last night said that according to Ankara reports, the German Foreign Ministry has already elaborated plans for the re-organisation of the Balkans.

These include the formation of new Macedonian states consisting of Western and Eastern Thrace as well as the Dardanelles region.

Italian circles in Ankara, it was said, have expressed disappointment at this plan, considering it contrary to Hitler's promises that Italy should hold a key position in the Mediterranean.

German Camp  
SplitDIFFERENCES OVER  
RUSSO WAR

MOSCOW, July 21 (Reuter)—Sharp differences of opinion regarding the conduct of the war against Russia were expressed at a conference of German generals held on the eve of Hitler's attack on Russia, according to well-informed circles in Berne, says Moscow radio.

The most ardent supporters of the blitzkrieg theory, including Generals List and Reichenau, pointed out the inevitability of the eastern campaign turning into a long-drawn war which might lead to the crash of Germany.

Goering and the most prominent aviation leaders also expressed opposition to an eastern venture.

Nevertheless Hitler signed the order for the attack, and after it had begun reprisals were taken against the recalcitrant generals, including Goering and Reichenau, and a number of generals were removed from their posts.

U.S. Bomber  
ProductionOUTPUT FIGURES  
ALMOST DOUBLED

WASHINGTON, July 21 (Reuter)—The production of twin-engined bombers in the United States was nearly doubled in the first six months of this year, stated defence officials yesterday.

This was one example of the increase in output of military planes which they disclosed have been far greater than was indicated by the published figures from the Office of Production Management.

These published figures show that production had increased 42 per cent from January to June, but it is learned in other authoritative quarters that two-engined bombers gained 92 per cent in output, one-engined dive and torpedo bombers 146 per cent and pursuit and observation and other military aircraft 142 per cent.

Only in the heavy bomber class—giant four-engined craft—was there no appreciable gain, but officials indicated that an appreciable increase could be expected soon.

Officials said that a "substantial proportion" of two-engined bombers had been sent to Britain.

These include the formation of new Macedonian states consisting of Western and Eastern Thrace as well as the Dardanelles region.

Italian circles in Ankara, it was said, have expressed disappointment at this plan, considering it contrary to Hitler's promises that Italy should hold a key position in the Mediterranean.

JAP. REVERSE  
IN S. SHANSIDETACHMENT FALL INTO  
CHINESE AMBUSH

CHUNGKING, July 21 (Central)—The Japanese suffered a reverse in the vicinity of Mallaicheng in the triangular area in South Shanxi bordering Hanan and Shensi on July 13 when a detachment, pushing towards Tung-changtsu, west of Mallaicheng, was ambushed and heavily decimated by the Chinese. The remnants were routed and fled back to Mallaicheng.

In southern Hupeh, Chinese troops on July 10 occupied a Japanese post south of Shaping near the Hunan border and attacked other Japanese posts nearby.

Over 300 casualties were inflicted upon the Japanese including an officer named Watanabe. Sizable booty was also seized.

CENTRAL HUPEH

In Central Hupeh, the Japanese on the southern bank of the Yangtze opposite Ichang made an attack on Pachhawati and Tuyenchung on the morning of July 12. Following a severe engagement with the Chinese lasting the whole day, the Japanese were driven back on the following day with some 300 losses.

Goering and the most prominent aviation leaders also expressed opposition to an eastern venture.

Nevertheless Hitler signed the order for the attack, and after it had begun reprisals were taken against the recalcitrant generals, including Goering and Reichenau, and a number of generals were removed from their posts.

No Important Change  
In Eastern FrontHEAVY FIGHTING REPORTED  
SOUTH-WEST OF LENINGRAD

MOSCOW, JULY 21 (REUTER)—A SOVIET COMMUNIQUE ISSUED LAST EVENING ANNOUNCED THAT DURING SUNDAY heavy fighting continued in the directions of Pskov, Polotsk-Nevel, Smolensk and Novograd-Volynsk. No important change in the position of the troops at the front is reported.

Heavy fighting continues in all sectors of the Russo-German front, according to both Moscow and Berlin communiques, but neither side makes any decisive claims.

The Russian communiqué still speaks of heavy fighting about 160 miles south-west of Leningrad and claims the destruction of a German convoy in the Baltic Sea. Strongly escorted convoys were attacked by Russian bombers which sank 11 German transports, a destroyer and a torpedo boat. A large-scale German landing to reinforce the attack on Leningrad is believed to have been frustrated by the destruction of the convoy.

Speaking of the recent extravagant German claims, the Russian communiqué says that apart from continuing the heavy attacks in most sectors no changes of importance had taken place. It still discusses the heavy fighting in the Smolensk sector, over 200 miles west of Moscow.

Heavy fighting about 120 miles west of Kiev is also reported, but the German report that Volinsk had been captured remains another unconfirmed claim.

GERMAN CLAIM

The Germans claim that German and Rumanian forces are continuing their advance from Bessarabia and have crossed the Dniester river after breaking Russian resistance.

Judging from a report from Rome, the Russians are not leaving much behind. The report from the Italian capital says that Kishinev, in Bessarabia, which was evacuated a few days ago had been blazing for three days and that efforts made by Rumanian soldiers to quench the flames have failed.

It is admitted that the Russians set fire to every house in the city when they saw they would have to retire.

AIR ACTIVITY

Yesterday's Soviet communiqué states: "During the night of July 19, intense fighting took place in the directions of Polotsk-Nevel, Smolensk and Novograd-Volynsk. Nothing of importance occurred in the other sectors of the front.

"Our air force continued, during the night to destroy enemy tanks and mechanised units of the enemy.

"According to verified data, during July 19 our air force destroyed in air combat and on the ground, 71 enemy aircraft and not 31 as previously reported."

VIOLENT BATTLE

LONDON, July 21 (Reuter)—A violent battle is reported in Rome last night to be raging east of Dniester River which the Nazis claimed on Saturday to have crossed from Bessarabia.

German and Rumanian troops operation from bases on the other

side of the river, have already reached the Stalin Line forts, says a despatch to the official Italian news agency. These consist of cement and steel structures defended by artillery of all calibres and manned by some of the finest troops in the Soviet army.

By last night, a breach had been made in one sector of the line, adds the despatch.

SCORCHED EARTH

ZURICH, July 21 (Reuter)—The thoroughness of the Russian scorched earth policy is described in detail by the correspondent on the eastern front of the newspaper Tribune.

Smolensk suffered particularly though some arms and textile factories are only partially damaged.

In Karella, the Russians "have literally razed towns to the ground." Nothing remains of the celebrated Siemens Martin steel works at Vierlatje, which had an annual production of 29,000 tons.

The correspondent mentions the advent of rain on the eastern front. For the first time since the beginning of the offensive, violent rainstorms have occurred in Russia and if these continue, mechanised columns will have very great difficulty in progressing in districts which easily become marshy.

A preparatory office has been formed with Mr Chu Mei-ying as director.

FOREST FIRES

LONDON, July 21 (Reuter)—Huge forest fires are raging north of Lake Ladoga on the Soviet-Finnish frontier following the withdrawal of the Russian troops, says a Berlin message to Rome. Towns and villages have been razed to the ground.

ORTHOPAEDIC  
CENTRE

Cont'd From Page 3

said, in part: "I wish to voice our deep appreciation to our foreign friends working so hard in the interest of our soldiers. It was an act of big heartedness and great kindness of His Excellency to come and make an appeal direct to you."

After stating that he knew Madame Kung for many years, Dr. Wang expressed the hope that the appeal would go right to the heart and then the purse of his listeners, for, went on the speaker, the heart is the gateway to the purse.

In Dr. Lim, said Dr. Wang, Generalissimo Chiang Kai-shek had a real helper and China was proud of the work done by Dr. Lim and his associates.

Referring to the wounded soldiers, the speaker said that the thought paramount in the mind of a soldier not killed in battle was: of what further use could he be to his country?

## EASE MIND

The vocational training given at the Orthopaedic Centres helped to ease the soldier's mind on that score as, in one of those centres, he could learn a trade adaptable to his physical condition.

The speaker asserted that he did not know of any work that was more important than the training of wounded soldiers and helping them to become useful citizens when they were discharged from hospital.

Recalling the drive in America in the fall of 1918 for funds for Y.M.C.A. and other activities, Dr. Wang said that the slogan adopted at that time was "Give until it hurts." He exhorted his listeners to give until it hurts.

"I know," concluded Dr. Wang, "that my British friends and my compatriots in Hongkong will give until it hurts," and expressed confidence that the \$1,000,000 (Chinese National currency) would soon be raised.

Dr. Tsouderos, replying, welcomes the suggestion.

Mr. Tsuyee Pei, in a short speech, stated that Madame Kung had already donated \$20,000, National Currency, to the funds while Chinese banks and bankers in Hongkong have either given, or promised to donate, H.K.\$50,000 and the British Fund for the Relief of Distress in China has promised to contribute \$20,000. (Applause).

## HON. MR. M. K. LO

Hon. Mr. M. K. Lo said, in part: Since His Excellency's arrival he has given his encouragement and support to every worthy cause in charitable aid to China, and in relief of distress.

When His Excellency was recently approached that the Chinese in the Colony would like to make a farewell presentation to His Excellency, he expressed the strong wish that every cent which the Chinese could afford should be devoted to charitable relief in China, and it is out of deference to His Excellency's wishes that the Chinese farewell presentation will be confined to an address framed in blackwood.

Even if no tangible results should come of today's appeal, I can assure His Excellency that when he leaves us he will take with him the abiding gratitude of all Chinese for his sympathy for and help to China.

I am confident that as the result of today's meeting we can raise \$200,000. to provide the orthopaedic centres in Free China which are so badly needed.

Your Excellency, on behalf of all the Chinese in Hongkong, and, indeed, on behalf of all the Chinese anywhere and everywhere, I cannot express to you, adequately, our feelings. I can only ask Your Excellency to accept our deep gratitude and thanks.

## D. O. SOUTH

A further remand was ordered by Mr. S. F. Balfour yesterday when Li Chiu, fisherman, Leung Pui, herb dealer, and Li Lau, kept woman, appeared before him charged, with others not in custody, with the unlawful transfer of custody, control or possession of Lau Yuet, a 14-year-old girl, for a valuable consideration on May 30 at Tui O, and for taking part in the transaction.

Inspector G. W. Moreton, of the S. C. A., assisted by Sgt. J. Gavin, prosecuted.

King George  
Of Hellenes

LONDON, July 21 (Reuter)—King George of the Hellenes and Dr. Emmanuel Tsouderos, President of the Greek Council, may shortly reach Britain from South Africa.

This is indicated in messages sent to the King of the Hellenes by Mr. Winston Churchill and to Dr. Tsouderos by Mr. Anthony Eden.

Expressing admiration for the fortitude shown by the King of the Hellenes, Mr. Churchill in his message says, "The warmest welcome awaits you here where all are resolved to conquer or perish."

Replies, the King says: "I am looking forward to meeting you and many friends in Britain."

Mr. Eden, in his message to Dr. Tsouderos, also refers to the future meeting in London to "discuss further measures for the prosecution of our joint war effort."

Dr. Tsouderos, replying, welcomes the suggestion.

## BUS COLLISION

A motorbus travelling to town yesterday morning, about 8.30 o'clock, collided with a Tramway repaircar opposite Wellington Barracks, Queen's Road East, throwing the men who were repairing the overhead wires off their balance.

The bus and the repair-car were slightly damaged.

## TRAM INVOLVED

Another collision occurred yesterday about 11 a.m. when a motorcar and a tram were involved.

While Lo Po, driver of the car, was proceeding along Des Voeux Road Central, outside the Bank of East Asia, a Chinese male ran across the road. He jammed the brakes to avoid an accident, but a tram, which was following, crashed into the rear of the car.

Both vehicles were damaged slightly.

INSPECTS KANSU  
SCHOOL

Dr. Chu Chia-hua, Director of the Organization Board of the Central Party Headquarters, flew to Suchow in northern Kansu to inspect the Suchow High School established by the Board of Trustees for the Administration of the Sino-British Boxer Indemnity Funds of which he is concurrently Chairman.

From Suchow, Dr. Chu plans to pay a brief visit to Tumbwang in extreme northwestern Kansu near the Sinkiang border, which is famous for Buddhist caves. Then he will return to Lanchow and proceed to Chinghai to continue his inspection. (Central News).

STARVATION IN  
NINGPO

Many persons are dying daily of starvation in Ningpo and residents of the city are leaving in large numbers in order to escape the same fate.

Since the Japanese occupation of Ningpo, the city has experienced a acute shortage of foodstuffs. Despite the attempt of the Japanese and their puppets to force the rice shops to re-open, no supply can be obtained even at exorbitant prices. (Central News).
